## Risks

Drag a column header here to group by that column

Relevant	Prepared	Type	ID	Title	Risk	Risk assessment
			Q	Q	Q	
+	✓	Firm	RI-129	Acceptance client ethics	The firm decides to accept a client relationship or specific engagement when the information obtained about the integrity and ethical values of the client does not support the decision to accept the relationship or engagement.	Medium

A new Excel file will be downloaded to the **DOWNLOADS** folder from where the user can use the file.

Note that this exported file is not in a format that can be re-imported into SQM.

To work on an Excel template where content can be imported into SQM, go to Settings – Import.
